Any family, with students in our school, can receive \$200, in tuition fee credit, when they introduce a new family to ABIS.

This initiative is subject to the following conditions:

- ✚ \$200 is provided, for every referred family, in the form of a tuition fee credit that is awarded at the end of the completed school year.
- ✚ Referral fee is awarded to one person, and only once for each introduced family.
- ✚ Referred family must be new to ABIS; returning families do not qualify.
- ✚ Referred student(s) must complete one full school year at ABIS.
- ✚ Referring and referred families must pay full fees. Paying discounted fees decreases the amount of referral credit.
